

Castlewoods Country Club offers a way of life the entire family can enjoy. From social gatherings, swimming and tennis activities, special events for the kids and golf tournaments, we can make life for you and your entire family more rewarding. Our club received a fresh start in 2016 from new ownership which provided many upgrades to all areas for the best level of amenities for our community.

Golf

"The Bear" is Castlewoods Country Club signature golf course designed by the Jack Nicklaus Group. Featuring 18 holes of championship play ranging in length up to 7022 yards, this Par 72 course with Champion Bermuda Greens will test the skill of accomplished players while providing the novice player an enjoyable golf experience. From tee to green, you'll experience a unique golf course kept in great condition, with rolling fairways and manicured greens. Many improvements have occurred on the golf course since the change in ownership including installation of a new irrigation system, purchasing all new course maintenance equipment and repair of drainage issues and cart paths. Jay Coalter, our Course Superintendent, and his crew have made numerous improvements such as a complete bunker renovation project, installation of a new irrigation system, improved cart paths and drainage systems.
