Castlewoods Men's Golf Association

The Castlewoods Men's Golf Association (CMGA) invites you to become a member of their lively organization. In being a current member of Castlewoods Country Club with an established World Handicap System handicap, you are eligible to attend two CMGA sponsored dinners (at the beginning and end of the year) and can play in the eight scheduled tournament events for points during the season. Points accumulated during the season are used to establish the top 30 golfers that qualify for the end of the year Trout Cup Championship (our local equivalent of the FedEx Cup). Each of the eight tournament events are unique, affordable, and all but one is single day events (either Saturday or Sunday). Typically, each event begins or ends with a meal and social gathering as we savor the results and award prize certificates to the winners. Members can join the CMGA at any time during the year for a \$40 joining fee. For more information contact David Fiveash (CMGA President) at david5ash@outlook.com.

Seniors Men's Golf Association

For more information on this group please contact Bobby Park at bpark602@att.net

Men's Weekend Group

Our staff offers a full range of equipment repair including regripping, loft readjustments, and reshafting among other services.

Handicap System

If you are a Golf Member and want to play in our Club Tournaments, you must establish a handicap. Stop in the Golf Shop and we can get you on your way to posting your scores. If you were a Member at another club before joining CCC, all we need is your GHIN # and we can transfer your USGA Handicap. To establish a handicap, you must post five 18-hole rounds, or post equivalent 9-hole rounds that will be combined. Members are billed \$30 annually.

Golf Instruction

Playing to your potential will greatly maximize your enjoyment of the game. Our creed is to "listen to your wants and needs and structure a game plan for your success." Whether it's through a formatted program or individual private lessons, the byproduct remains the same: satisfaction and enjoyment! Our PGA Professional, Jeff Marks, is ready to get started. Jeff is certified in golf instruction by Nicklaus/Flick golf schools and is a former Director of Instruction with Jimmy Ballard golf schools.

TrackMan technology is used to analyze your swing, then start with small swing tips which culminate with a broader plan at the end of the lesson based on what works best for you during the session.

Junior Golf Clinics

Jeff offers multiple Junior Golf Clinics that include golf instruction on the full swing, short game, rules and etiquette.

Intermediate Golf (Ages 8-15)

Designed for those that have some experience playing 9 or 18-hole rounds but would like to learn more about the fundamentals of the golf swing and how to handle themselves on the golf course.

Advanced Level (12 and up)

Designed for those who compete, have competed or are ready to compete in tournaments. Instruction will be largely based on TrackMan analysis and in-depth course management.

TRACKMAN

UNLEASH YOUR POTENTIAL

HOW CAN YOU IMPROVE YOUR GOLF GAME WITH TRACKMAN?

TrackMan provides instant feedback on data numbers on what the club is doing and the reaction of the ball at the same time. If you watch the PGA Tour Tournaments, you will oftentimes see the "shot tracer" showing the flight of the ball. This information is provided by TrackMan!

What Are TrackMan Numbers?

TrackMan technology provides the most accurate feedback in the industry. TrackMan numbers are divided into 2 main categories: ball flight data and club data. Knowing your TrackMan numbers allows problem areas to be identified, resulting in fast improvement.

How TrackMan Works?

The TrackMan radar unit tracks the trajectory of your golf ball from launch to landing. The ability to measure the full ball flight is essential to produce the highest quality data. The radar can pick up valuable information about your club head, giving a precise picture of the club during ball impact. With this knowledge, you can easily determine how your club face or swing path needs to be adjusted.

Learn Exact Yardages for Your Clubs

Knowing how far you hit each club is paramount, so dialing in your feel for different yardages with your wedges is crucial to great scoring. TrackMan helps you learn what 60, 70, 80, 90 and 100 yards feels like so you can hit these shots on demand with a variety of spins and trajectories. TrackMan gives you immediate feedback on carry and total distance for every shot and will provide optimal numbers to give you a goal to reach within your skill level.

Maximize Your Driver

Hitting down on the ball with your driver is a huge distance killer. TrackMan gives you the data on how you are striking the ball. A change from 5 degrees down to 5 degrees up can give you as much as 60 more yards with a 95mph swing speed.

Hit Your Preferred Ball Flight

TrackMan will give your numbers that are the DNA of your swing. Knowing how swing changes manipulate these numbers will help you achieve your desired ball flight.

Dress Code

Proper golf attire is required on the golf course, driving range and practice holes. Golf attire includes a collared shirt. Denim jeans or denim shorts are not appropriate attire on the practice facility or the golf course. Shorts are permitted at any time.

Driving Range and Practice Area

Practice and warm-up time are a vital part of game improvement and overall enjoyment of the game. During peak times the range will close each day at 7:00 p.m. to allow time to fully pick the range to prepare for the following day. The range will close at 6:30 p.m. on Sunday. Please note that these hours are subject to change with time changes, inclement weather, and the season. Removal of range balls from the practice area is prohibited.

Golf Course Etiquette

The following care of the Golf Course is expected of Members and their Guests:

- Repair all ball marks properly. Use a proper greens repair tool to close the damaged area so that no bare area exists. Do not lift the soil upward, but rather push the turf forward towards the front of the ball mark.
- There will be no practice on any part of the golf course except at the designated practice areas. Do not hit multiple practice shots on the course.
- Pace of play is critical to enjoyment of our course. All players must maintain their position on the course relative to the group ahead and must play without undue delay. Allow faster groups to play through. Each 18-hole round should be completed within 4 hours and 15 minutes. The Marshal has the authority to keep the play moving at the proper pace for players' enjoyment.
- Rake bunkers and leave rakes inside of bunkers.
- Remove broken tees from teeing ground.
- Place sand in all divots on tees and fairways. Do not overfill the divot or replace the divot, this will only slow down the healing process.
- The course and range are closed on Mondays.
- Jogging, bicycling, fishing or recreational walking is not permitted on the course or cart paths.

Cart Rules and Enforcement Procedures

The cart rules of the day must be followed at Castlewoods Country Club. These rules and the enforcement of them are vital to keep the turf on the golf course progressing in a positive manner. Please remember the following:

- Always check-in with the pro shop attendant so that you will know what the cart rule of the day is.
- When cart path only, carts must stay on the path at all times.
- When we are under the 90-degree rule, carts are allowed to be taken across the fairways at 90 degrees then turn and head back to the path at 90 degrees. Carts must remain on the path near the tee boxes, must stay off of the closely mown walking path near the tee boxes, on the path at all of the split rail fence on the course, and must return to the cart path at the white lines in the fairway. Do not park next to the white line as this stresses the turf.
- Two people to a cart help with wear and tear on the course and our golf carts.
- All operators of golf carts must be 16 years of age or older and have a valid driver's license.

The enforcement of the rules will take place in the following ways:

- Guests who ignore the rules of the day will be made to cease their round without a refund.
- Members who ignore the rules of the day will be assessed a \$50 fine on their next bill.

Private Cart Policies

- Check in at the pro shop even with a private cart. If you start on a hole other than one, please call the pro shop and let us know. If there is a group coming up behind you that started on one, they have the right of way to the next tee.
- Only one cart shall be allowed per member. Only people covered under the family membership are permitted to use that family's private cart.
- Dual membership on one cart is not allowed.
- Children under 16 may not operate a golf cart.
- When children move away from home or get married, they relinquish the right to use the cart.
- All private cart owners must have a membership that includes cart use. All private carts must have a club issued decal. Any member using a private cart that is not covered under their membership will be fined \$50.

Push/Pull Cart Policies

Push Carts should remain on the cart path in the vicinity of tees. At no time should the Push Cart be on the teeing ground. Push Carts should not be taken on the approaches or fringes of the Green. Push Carts should not be used within ten feet of any Green or Bunker. Whenever practical, Push Carts should remain on the cart path.

Beverage Cart

Weather permitting, our beverage cart service is provided Friday, Saturday and Sunday. It will be stocked with an assortment of food and beverages. Snacks and beverages are also available for purchase in the pro shop and grill prior play. No outside food or beverages are allowed on the course.
